EXPLORE CONCRETE SUSTAINABILITY WITH WORLD RENOWNED EXPERTS AT
THE EVENT ATTENDED BY TOP BUILDING INDUSTRY PROFESSIONALS

Join us for the 2014 *International Concrete Sustainability Conference* and the *MIT Concrete Sustainability Hub Showcase*, May 12-15, 2014, in Boston. The 9th annual *Sustainability Conference* and 5th annual *MIT CSH Showcase* will provide learning and networking opportunities on the latest advances, technical knowledge, continuing research, tools and solutions for sustainable concrete manufacturing and construction.

SHOWCASE DESCRIPTION

The MIT Concrete Sustainability Hub Showcase will be an opportunity to look back at the progress that has been made over the first five years of the Hub's existence and celebrate the developments to come in the next five years of the Hub's second phase. CSHub researchers will showcase research on concrete science, buildings, and pavements using poster sessions, plenary presentations, and interactive workshops. The event is an opportunity for stakeholders, including researchers, design professionals, and industry professionals to see first-hand the progress being made at MIT.
